Renuga Sree

Aspiring Data Scientist and AI/ML Engineer

renugasree28@gmail.com · +918675178770 · LinkedIn · GitHub

PROFESSIONAL SUMMARY

Aspiring Data Scientist and AI/ML Engineer skilled in Python, SQL, and advanced data analysis. Experienced in building intelligent applications, deploying machine learning models, and managing data pipelines using cloud computing platforms. Proven ability to collaborate in Agile teams and deliver data-driven solutions with strong expertise in REST APIs, Docker, and Kubernetes. Passionate about leveraging big data and visualization tools to drive business insights.

WORK EXPERIENCE

Data Science Trainee — Besant Technologies, Velachery — Present — Present

- Completed comprehensive training in Python, SQL, Advanced Excel, and cloud computing fundamentals for data analysis.
- Developed interactive dashboards using PowerBI and other visualization tools to present actionable insights.
- Applied Agile methodologies to solve real-world case studies, enhancing analytical and collaborative skills.
- Gained foundational experience with Docker containerization and Kubernetes orchestration.

AI & Development Intern — VaultofCodes.in — 2025-07-01 — 2025-09-30

- Completed a 2-month internship focusing on AI, Prompt Engineering, Python, Java, REST API development, and full-stack web development.
- Implemented containerized applications using Docker and collaborated in Agile teams to deliver project milestones.
- Developed backend logic and frontend interfaces with emphasis on scalable and maintainable code.
- Engaged in cloud deployment practices and continuous integration workflows.

EDUCATION

B.Tech, Artificial Intelligence & Data Science — 2022-01-01 — 2026-01-01

Grace College of Engineering

- B.Tech in Artificial Intelligence & Data Science from Grace College of Engineering (2022-2026), with coursework including Cloud Computing, Big Data Analytics, Machine Learning Model Deployment, and Software Engineering principles emphasizing Agile methodologies and DevOps practices.

Higher Secondary (12th) — 2021-01-01 — 2022-01-01

VSR International School

SKILLS

Python · SQL · Java · Pandas · NumPy · Excel · Data Cleaning · PowerBI · Matplotlib · Seaborn · Machine Learning · Deep Learning · NLP · Computer Vision · Scikit-learn · PyTorch · Django · Flask · React (Vite) · TypeScript · HTML · CSS · JavaScript · GitHub · Jupyter Notebook · Kubernetes (basics) · Prompt Engineering

PROJECTS

Adaptive AI-Powered Interactive Learning Assistant for Python Programming

React (Vite), TypeScript, Django REST API, PostgreSQL, Python

- Developed and deployed an intelligent AI-powered interactive learning platform with adaptive user performance tracking and personalized lessons.
- Integrated RESTful APIs and containerized the application using Docker for scalable cloud deployment.
- Utilized Agile methodologies for iterative development and continuous improvement.

Reyan Luxe – Online Jewelry Ordering Platform

React, Django, PostgreSQL

- Developing a modern full-stack application for browsing and ordering jewelry with a focus on UI/UX.

E-Learning Platform Prototype

HTML, CSS, JavaScript

- Built a responsive learning platform with structured lessons and quizzes.

Portfolio Website

HTML, CSS, JavaScript

- Designed a personal website to showcase projects and skills.

CERTIFICATIONS

Exploring Emerging Technologies (AI, Data, Cloud, Quantum Computing)

IBM
